

## **SPECIAL EDUCATOR OF STUDENTS WHO HAVE SEVERE/PROFOUND DISABILITIES**

The Special Educator-Severe/Profound certificate is valid for service in the public schools of Rhode Island as a teacher of students with severe/profound disabilities age 3 through 21 or as a teacher of students with severe/profound disabilities who are in any grade Pre-K through 12 whose educational program is focused primarily on mobility, communication, and functional daily living skills. This certificate is also valid for service as a diagnostic prescriptive teacher (DPT) for this population.

### **I. Certificate of Eligibility for Employment (CEE) – valid for three (3) years.**

The initial certificate in Rhode Island for all areas of certification is a CEE. The CEE is used to seek regular employment in the public schools of Rhode Island for the field identified on the CEE. The CEE is also valid for service as a substitute teacher. If regular employment is not secured in the three (3) year period, the CEE can be renewed every three (3) years until regular employment is secured. To be issued a CEE in special education-severe/profound education an individual needs to satisfy all of the following:

- A. Bachelor's Degree from an accredited or an approved institution of higher education as defined in these regulations.
- B. Graduate of an approved program for the preparation of teachers of students with severe/profound disabilities within the previous five (5) years from the date of application. Applicants who have not completed an approved program can be certified by transcript analysis by presenting evidence of three hundred (300) clock hours\*\* of student teaching in the special-education-severe/profound grades and not less than thirty-nine (39) semester hours of course work to include work in each of the following areas: Introduction to Education of Exceptional Students; Characteristics of Students with Special Needs; Organization of Programs for students with severe or profound disabilities; Observation, Assessment and Interpretation of Life Patterns; Applications of Child Development with Emphasis on Mobility, Communication and Interaction; Curriculum and Methodologies for young students with severe or profound disabilities (3-12); Curriculum and Methodologies for adolescents and young adults with severe or profound disabilities (13-21+); Adaptations, Instructional Methodology, and Technology for students with Physical Impairments and Sensory Impairments; Parents and surrogates with Emphasis on Roles and Relationships; and Behavior Management; Foundations of Education, Teaching Reading in the Elementary Grades; Teaching Language Arts in the Elementary Grades, and Teaching Math in the Elementary Grades. The student teaching requirement may be waived for an applicant who has had two or more documented years of successful teaching experience in an approved severe/profound setting. Certified teachers who have had two or more years of teaching experience and who seek Special Educator-Severe/Profound certification may fulfill the student teaching requirement by completing a one-year supervised internship at the severe/profound level. After completing the necessary course work for the Special Educator-Severe/Profound certificate, and arranging through the local community for a one-year internship, the Superintendent of Schools may request the issuance of a one-year professional certificate. The Department of Education must approve the internship in advance and the supervisor must have at least 3 years of teaching experience. Upon successful completion of the internship, the individual will be issued a one (1) year professional transitional certificate.

\*\*At least two hundred of these hours must be with students who have severe and/or profound disabilities and at least one hundred hours must be with children who have physical and/or sensory impairments.

- C. Applicants who have not been previously certified in the State of Rhode Island must achieve a score of 160 on the Fundamental Subjects: Content Knowledge Test (0511).

II. **Professional Transitional Certificate** – valid for one (1) year.

- A. The professional transitional certificate is issued to individuals who secure regular employment in the public schools of Rhode Island. Upon securing regular employment in Rhode Island, the CEE is used to request a one (1) year professional transitional certificate. When applying for a one (1) year professional transitional certificate the applicant must submit the CEE along with documentation from the employing authority that regular employment has been secured in the certification area of the CEE.
- B. The one year professional transitional certificate may be renewed with the submission of a completed application and payment of the renewal fee.

Applicable to certificates expiring after August 31, 2010.
